

The celebration of World Cancer Day

As part of celebrating the international day of struggle against cancer on February 3rd 2010, the Regional Directorate of Education of Kairouan in collaboration with the Regional Health department organized two events on March 11th, 2010 at 'Sabra' primary school and March 12, 2010 at the preparatory school '07 November 1987'. With the participation of students, preceptors, health clubs and school principals of the city of Kairouan, both events were activated by a doctor specializing in school and university medicine.
