

Regional Workshop on the New Requirements for Human Sustainable Development

Sectoral Training Center on Electronics, DENDEN : 29-31
December 2010

The Islamic Educational, Scientific and Cultural Organization (ISESCO) is holding a regional workshop, in collaboration with the Ministry of Vocational Training and Employment, the National Commission for Education, Science and Culture and the Tunisian Agency for Vocational Training, on ways to address new requirements for human sustainable development, from the 29th to 31st of December 2010 in Tunis.

The workshop seeks to hone the technical skills of the workforce to meet the market economy requirements in emerging economic technology; encourage the setting up of training and higher education institutes; and enable higher education institutions to provide highly competent staff by ensuring adequacy between programming and the requirements of emerging economies.
